# GERONIMO CREEK SEWER PROJECT - PHASE V Oak Village North Subdivision

**Volume 2, Issue 1**

**January 11, 2013**

## WHAT'S GOING ON?

### SEWER INSTALL:

Sewer installation will continue south on Spanish Oak and proceed east on Twin Oak, to the end of the subdivision. Sewer installation is also being installed west along Twin Oak towards Martindale Road. Both areas are progressing smoothly.

### STREET/DIRT CREWS:

The street crew is following the utility crews and work has begun on cutting down the streets in the locations where the sewer line has been installed. Remember that your driveway may not be accessible during working hours. If you have a special need,

please be sure to contact us ahead of time so that we are aware of any issues.

### CURB CREW:

The curb crew is installing curb west on Lone Oak in the areas where road base has been installed.

*Thanks for your continued patience with the project!*

*Salinas Technologies, LTD., will be working Saturday's and Sunday's until further notice.*

## You Asked..... We Answered

**Q.** What is being done to assure streets remain passable for traffic and emergency vehicles during or after rains?

**A.** Staff continues to monitor the weather and forecast days in advance. If warranted, additional gravel is being placed prior to inclement weather and a crew remains on "standby" in the event immediate conditions demand attention. As with any street construction project, muddy roads after rains are to be expected.
